TWELFTH YEAR

Beet Acreage to Be Larger Than in Former Years

Cache Valley To Have Banner Year in Beet Production. Amalgamated Sugar Company Maintains Last Year's Prices. Other Companies Make Reduction.

Contracts for more acreage of beets in Cache Valley during the season of 1914 are being signed by the farmers of the valley than in any previous season in the history of the beet industry in Utah. This is the statement made yesterday at the office of the field superintendent of the Amalgamated Sugar Company in Logan. The farmers of the valley have a very friendly disposition toward the sugar interests it appears, and there probably is a good reason for it. In other beet growing states outside of Utah, there has been a material reduction in the price to be paid for beets this season. This reduction ranges all the way from 25 cents per ton in Nebraska; 42 cents per ton in Colorado, to 75 cents per ton in California. There is no reduction in the price of beets by the Amalgamated Sugar Company interests. Contracts similar to those of last season are being signed and the same prices will prevail. It is said by companies in the States where the reductions are being made that the farmer in turn can reduce the price he pays for labor. The result will be in this event, that the laboring man must bear the blunt of the new tariff should this be resorted to by the grower.

Reductions in Price

In reference to the reductions made in the price of sugar we are giving here a number of quotations from the current issue of Sugar, the leading magazine devoted to the agriculture

and manufacture of sugar:

Huntington Beach, Cal., Jan. 23.—Conditions during the month have been favorable to the preparation of the seed bed and germination of the seed. Beet contracting at 75 cents a ton less than last year has made good progress and a satisfactory acreage is expected. A considerable acreage already has been planted. There has been a plentiful rainfall and crop prospects at this time are good.

Bay City, Mich., Jan. 24.—The factory of the West Bay City Sugar Company is soliciting acreage at the reduced prices.

Scottsbluff, Neb., Jan. 24.—The 1914 beet contract, carrying a reduction of about 50 cents per ton in the price to be paid for beets, was offered to the growers on January 17, and during the first week more than 12,000 acres were signed up for the present year. Part of the reduction mentioned above is to be borne by the hand labor, as the payment for hand work has been reduced from \$20 per acre to \$18 per acre, plus a bonus of 25 cents for each ton in excess of 12 tons per acre.

Sugar City, Colo., Jan. 23.—Satisfactory progress is being made in signing contracts for the 1914 campaign at a reduced price. On the basis of \$4.75 for twelve and under fourteen and a half per cent beets, the company is asking the growers to absorb just 47 cents of the 88 cent reduction, or 42 cents as compared with 1913.

Champions To Play Brigham

The Wellsville High school champions of basketball in Cache county met the Brigham City team last evening for the first game of the series at Wellsville where the championship of the northern division is being contested for. The second game of the series will be played at Brigham City tonight. If either team wins both games the championship will be decided. However, if the honors are even in these two games, then the final game will in all probability be played in Logan.

The Wellsville team and supporters were so elated over the result of the game in Logan when they won from Richmond on Wednesday, that the victory was celebrated with a free dance at the Wellsville pavilion on Wednesday evening upon returning home. A big banquet is being planned for the team members as soon as the games have been concluded with Brigham City.

Automobile Enterprising News Merchant

All those who attended the International Auto Show in Salt Lake City last week report a very fine exhibit.

George Mickelson bought a Hudson Six while at the show last week. George knows a good thing when he sees it.

Mr. J. H. Shaw who for the past year has been manager for the Studebaker Brothers Company in the vehicle department, will take over the automobile business on the first of March.

Mr. Chris Christensen of Newton has bought a new Buick automobile.

Mr. S. H. Blair, manager of the Blair Motor Company is in Salt Lake this week buying goods for the season.

The Doctors Budge and Hayward are having their cars painted and put in first class shape for the spring work.

The Utah-Idaho Auto Company is with the Studebaker out of Logan looking for a suitable place to locate. They report prospects as very bright for the season.

Mr. John Quayle has placed an order for a new B-25 Buick.

Mr. Leonard Miles of Smithfield has been engaged by the Utah-Idaho Auto Company to look after the mechanical end of the business.

Mr. Morgan Knapp of Richmond is seen in town every day with the smile that won't come off which indicates that business is good.

Joe Golightly of Preston will work this summer. Joe is a good fellow and we are glad to have him in town.

Automobile men are seen on the streets every day standing on one foot wishing for dry roads.

Mr. Charles Hemrick of Denver, western manager for the Michelin Tire and Rubber Company was in town this week looking after the interests of his company.

The Logan Garage and Supply Company has just remodeled their office and garage, putting the garage in a class by itself in northern Utah for capacity for handling the repair work in all departments of the automobile business. This company has ten men on its payroll in the repair department.

Rich Show Continues To Please

The Frank Rich Company scored another big hit Thursday night at the new Lyric theatre where they played the Jolly Bachelor to a large and appreciative audience, both performers packing the house. It would be hard to make special mention of the individual characters from the very fact that they were all good. This company is certainly a high class show and it may be a long time before Logan theatre goers will again have the privilege of seeing such high class comedy at such low prices. Every performer is so full of life and ready wit that there is one continual round of laughter from the first curtain to the end of the show. A performance was given last evening and tonight the troupe will conclude a four nights run, when it presents The Suffragettes. There will be a full two hours matinee in the afternoon where popular prices will prevail.

Joseph Newbold, the clothier, is not overlooking the fact that his customers appreciate an attractive store, and as he is so near the place where the car stops, he is also aware that they appreciate a rest room or a place to wait for the car. A complete remodeling of Mr. Newbold's store is going on at the present time. A new lighting system has been installed and cabinets are being built for the purpose of displaying the large line of men's ready to wear apparel. This is all being done with a view to keep abreast of the times, not only in the line of merchandise carried by this firm, but as well in up to date store appearance.

On Friday last, the home of Mr. and Mrs. Henry Hayball was thrown open to a number of their friends who thoroughly enjoyed an evening at cards. Five hundred was played and those who were fortunate enough to receive the prizes were Mrs. A. Bateson, Mrs. H. A. Pederson, Mr. P. M. Nielson and Mr. A. Bateson. The rooms were attractively decorated with purple and white candelabras and a dainty luncheon was served to the following guests: Messrs. and Mesdames N. W. Kimball, P. A. Thatcher, Joseph Odell, William Thain, H. J. DeWitt, A. Bateson, H. A. Pederson, P. M. Nielson, George Fister, Hyrum Hayball, William Watson, Harry Westerson and Mr. and Mrs. Durrant of Salt Lake City; Mrs. Louisa Lawson and the Misses Coral Kerr, Lucile and Edith Hayball, Elizabeth Underwood.

A. A. Scheby, the First North street tailor is showing some very pretty patterns for spring suits. Mr. Scheby makes a specialty of tailor made suits and reports a flourishing business in his line. While Mr. Scheby has been in business but two and a half years in Logan he says that he enjoyed a very liberal patronage and that he now employs two seamstresses in his tailoring parlors, in addition to himself.

The Smithfield and Richmond Gun clubs will match shoot at Smithfield today. John N. Sharp of Salt Lake and a number of Logan boys will attend the shoot.

Benson Ward Has Splendid Train Service

Efforts of Commercial Club Committee Has Brought to the Bensonites Metropolitan Accomodations. Can Now Take a Day Off in Logan and Return in the Evening.

The people of Benson will be glad to learn that the Commercial Boosters Club of this city has been successful in its efforts to get them better train service. A few weeks ago a committee from Benson appeared before the club and asked that it assist in getting the railroad to run a train into Logan in the morning, so that they could come to Logan and spend the day and return home in the evening, also send their children to Logan to school in the morning and have them return at night. The matter was referred to the committee on railroads and transportation, and was immediately taken up with the railroad people.

Upon making a statement of the case the officials of the Oregon Short Line asked Herschel Bullen, chairman of the committee, what he had to recommend, and the reply was to run the motor which comes to Logan from the Junction every morning out to Benson and thence back to Logan. The officials could hardly see how they could do that, but said they would take it under advisement.

Yesterday Mr. Bullen received word that this request had been granted and that train number 41, motor, now reaching Logan at 7:55 a. m. connecting with number 15, will leave Logan at 8:15 a. m. following number 12 and reach Benson at 8:30 a. m. Returning will leave Benson at 8:30 a. m. and arrive at Logan at 8:50 a. m. With the train which goes Benson way in the evening the people of that city will now have metropolitan service, and we trust the train will prove popular and that Bensonites will visit us often.

Old Folks At Sixth Ward

Committee and Ward Members Gave Fine Entertainment On Thursday

A very fine time was tendered the old people of the Sixth ward at the annual reunion at the ward amusement hall on Thursday afternoon. There was a good representation of the ward old folks in attendance in addition to the members of the stake old folks committee who were present. There were eight people present over eighty years of age; ten present over seventy years, twenty-seven over sixty and fifty-four widows and old people under sixty. A delicious luncheon was sent to about fifteen ward old people who were unable to be present.

Elijah Pierce carried off the honors of being the oldest man present, his age being 83 years. Mrs. Rachel Pederson was the oldest lady, being 84 years. The committee composed

of the following: Stephen Hallsetone, A. H. Palmer, George Fister, Mrs. Fister, Mrs. Hallsetone, Jennie Johnson and Jennie J. Merrill together with a number of the ward members deserve credit for the fine afternoon entertainment given. The following is the program which was rendered after the dinner:

Colleges To Clash To-Night

The two local college basketball teams clash tonight at the Smart gymnasium and this promises to be the most interesting game of the entire season. College rivalry runs high. The Crimson won from the Blue in the first battle and as both teams have been playing about the same game judging from the relative scores made against the other state teams, many are wondering which quintet will win. For this reason there is more than usual interest being manifested at both institutions. The town folk will be at the game and there will be a big crowd from out of town. The first whistle will be sounded at 8 o'clock sharp.

DANCING SCHOOL

AND SOCIAL DANCE

On account of so many people desiring to attend Miss Johnson's Dancing school it has been decided to open the school at the auditorium every Monday night at 8:30. Tickets 50 cents; extra lady 25 cents.—Adv.
